

ANNUAL MEET WITH THE NDDP ALUMNI

The recent meet with the Alumni batch of NDDP (Newgen Digital Discovery Paathshala) was an inspirational experience. Over the years, the NDDP facilitators ensured that the students are constantly guided to develop balanced physical, emotional and social behaviour to build a career-oriented and self-reliant future.

The World of NDDP Alumni

In the month of March 2025, CSR team had an offline interaction with the group of NDDP students attending regular colleges. Scholarships have also been arranged for these students to ensure the completion of their education.

The range of niche courses that the students have selected is impressive and includes Radiology, Chartered Accountancy, Physiotherapy, Language, Teaching, Pharmacy, Engineering, Social Work, Financial Services, Nursing and many more.

Let's find out what the students felt about the sessions.

"I feel blessed to have received the career guidance at the right time. It is because of NDDP's support that I can pursue nursing today." – **Archana, pursuing GNM from Mata Risalo Devi Institute of Nursing**

"Newgen team has supported me in every step, right from informing about various career sectors to selecting the appropriate course in college." – **Deepa Gurung, pursuing BA (H) Hindi from University of Delhi**

"It was an enriching experience to meet all my peers and hear their journeys. The appreciation and kind words inspired me to perform even better." – **Amrita, pursuing B. Com (H), University of Delhi & CA aspirant**

"I would like to volunteer in the CSR programs to give back to the society and help students so that they can also move towards building a career like me." – **Pari, pursuing BA (H) Italian, University of Delhi**

Witnessing the journeys of each student and their dedication to build a career and be self-dependent is absolutely heartening. The experience has been a great source of encouragement for the CSR team to keep up its diligent efforts to change the lives.
