

Newgen's Partnership with KHUSHII

Remedial Education Program

Remedial education plays a vital role for students who face difficulties academically or are not able to perform well. With the help of innovative remedial strategies, primarily designed for a specific set of students, the program aims to help the students match the age-appropriate classroom learning level.

We extended support to 8,845 students in the financial year 2021-22 in collaboration with KHUSHII (a non-profit social organization) through its flagship program Shikshaantra Plus in Government schools (Delhi and Chennai). Also, we initiated new digital education projects in seven rural schools (Chopra, Kool, Hari Nagar, Dutkanedhar, Dhura, Kakdighat, Supi) in Ramgarh, Uttarakhand. For the Ramgarh

schools, the infrastructural augmentation contribute to a safer classroom setting, health and hygiene support, and stronger school governance.

Under this initiative, students facing difficulties in learning are provided remedial education through a blended learning program via offline and online classes, communication on WhatsApp, worksheets, peer interactions, and doubt clearance classes. It follows innovative pedagogy and supports practical-based learning, artintegrated learning, regular counseling sessions, etc. This initiative has amplified the impact of the Newgen Digital Discovery Paathshala (NDDP) program, the flagship program of Newgen CSR.

The program's beneficiaries will be associated with Newgen CSR for an extended period of twelve years. The students will be a part of the remedial education program in Delhi (I to V) and in Chennai (VI to X), Newgen Digital Discovery Paathshala (VI and VIII) and Alumni Programme (IX to XII) and Ramgarh (I to XII). The program covers various subjects, including English, Hindi, Tamil (only for Chennai School), Mathematics, and Social Sciences, by deputing additional teaching faculties in the Government schools. This long association will open new doors for these students and enable them to unleash their full potential.

Testimonials

"On behalf of the KHUSHII team, I thank Newgen for partnering with us and working towards creating collective growth."

Harish Gosain,
Executive Director, KHUSHII

"It was indeed a great opportunity for both Newgen and KHUSHII to know each other and create a bond that will benefit numerous underprivileged students and the community. Moving forward the tie will play a very critical role in executing the programme, prove the effectiveness of the programme and capture the impact."

Ms Priyadarshini Nigam,
Director, Newgen Software
