VOICES OF **CHANGE**

Real stories. Real impact.

> I am now able to get a peaceful sleep, using the calming techniques of mindfulness and breathing exercises.
> **– NDDP Student, Class VIII**

> I was disappointed when I scored just 35 percent in math. However, after receiving the device, I steadily improved. It has been possible only because I could easily learn and look for solutions online.
> **– NDDP Student, Class IX**

> The NDDP sessions are highly interesting, interactive, and candid. The facilitators have adopted unique methods of teaching that keep us motivated and engaged.
> **– NDDP Student, Class X**

> I never knew I had a life beyond household chores. This place reminded me that sometimes, all it takes is the courage to take the first step.
> **– Munni Devi, Women Empowerment Program**

> I never thought I would be this happy here. Before joining the skill centre, I felt sad and worthless but now I have a purpose.
> **– Sumanlata, Women Empowerment Program**

Collaborating with partners, engaging volunteers and strengthening communities every day.

PATHWAYS OF
CHANGE

Ten years done,
the road's still long,
We will cross
the hurdles as
we sail along....

EDUCATE | EMPOWER | ENABLE

Together, we are building a sustainable and inclusive tomorrow.
